

# PhD / Postdoc

We are continuously looking for EXCELLENT AND CREATIVE PhD students and Postdocs to join our multinational and interdisciplinary team. Please consider applying if you have a background in electrical engineering, computer science, mechanical engineering, biomechanics, or a comparable field. We especially seek individuals who wish to specialize in robotics, machine learning, control, neuromuscular and musculoskeletal modelling, or the like. As a successful applicant, you should be able to carry out high-quality research and publish distinguished articles; meanwhile leap from academic publication to real-life solutions so that your research solves the real world problems.

PhD applications should include the following documents:

- A motivation letter describing your research interests, your qualifications, and why you would be a suitable candidate
- A detailed CV
- Academic transcripts from your Bachelor's and Master's degrees
- Email addresses of at least two references

The following documents are needed for Postdoc applications:

- A motivation letter
- A detailed CV
- Indicative research proposal
- Email addresses of at least two references

Interested applicants should send us the necessary documents via email to: [applications@msrm.tum.de](mailto:applications@msrm.tum.de) with the subject "Geriatrics – Application [choose: PhD | Postdoc]".

Only shortlisted candidates will be notified.
