Postdoc Position (m/f/x) in Economics

(100%, TV-L E14)

TUM School of Management at TUM Campus Heilbronn invites applications for a Postdoc position (m/f/x) in the area of Economics at the newly founded Global Center for Family Enterprise (Prof. Dr. Philipp Lergetporer). Expected starting date is April 2023 or by mutual agreement. The scientific employee (postdoc) will be employed on a 100% position at level E14 TV-L (public sector pay scale). The post-doctoral researcher is expected to work in the area of applied economics / field experiments. Possible specializations include but are not limited to behavioral, labor, or education economics. The postdoc position (m/f/x) is limited to 24 months.

About us…
Founded in 2002, TUM School of Management is part of TUM, one of the leading technical universities in the world. With its strong research environment and close ties to industry, the school constantly scores well in rankings, currently listed as the strongest German business school for research. The TUM Campus Heilbronn is a dynamic organization whose goal is to achieve excellence in research, teaching and impact. The Economics & Policy department offers a young and dynamic environment of professors, post-doctoral and doctoral researchers who regularly publish in premier outlets.

We offer…
- the opportunity to work on international research projects (e.g., field experiments in firms) at one of the most prestigious universities in Europe,
- the opportunity to present your work at international conferences and support in publishing your work in leading journals,
- extension of your teaching skills through teaching activities at the Global Center for Family Enterprise,
- provision of training as well as developmental support throughout your time at our institute and,
- active involvement in several outreach activities and effective communication (i.e., knowledge transfer) of your research.
- a competitive salary according to the public sector pay scale in pay group E14

We look for…
- a team player with completed PhD degree (or close to completion) in economics or related fields,
- with a strong passion for empirical and experimental research,
- with interest in conducting field experiments (e.g., with firms in Germany),
- with a solid knowledge of econometric research methods,
- with the ambition of publishing papers in leading journals and to acquiring competitive external grants,
- excellent organizational and oral/written communications skills (command of the German language is an asset but not a must).

Application
Please send a cover letter (specifying a possible starting date), your CV including publication list (including names of two academic references), and relevant university and work certificates, as well as one published or working paper in one pdf-file until 9 January 2023 to bewerbungen.gcfe@mgt.tum.de.

For further information about this position please contact Prof. Philipp Lergetporer (philipp.lergetporer@tum.de).

As an equal opportunity employer, TUM explicitly encourages applications from women as well as from all others who would bring additional diversity dimensions to the university. Preference will be given to disabled candidates with essentially the same qualifications. The position can also be filled by two part-time employees.

As part of your application, you provide personal data to the Technical University of Munich (TUM). Please view our privacy policy on collecting and processing personal data in the course of the application process pursuant to Art. 13 of the General Data Protection Regulation of the European Union (GDPR) at https://portal.mytum.de/kompass/datenschutz/Bewerbung/. By submitting your application, you confirm to have read and understood the data protection information provided by TUM.
