

Opportunities
for Talents

We are looking for a

Student Assistant at the Center for Global Health (m/f/d)

Our profile

We believe that as an interdisciplinary team, we can contribute to the pursuit of achieving well-being for all by integrating basic science and novel technologies into the global health agenda and thus address urgent global health challenges. To achieve this, we work with partners from the global south in large, interdisciplinary consortia.

The Center for Global Health at the Technical University of Munich (TUM) is concerned with the promotion of health as well as with the prevention of poor health at a global level. It brings together and initiates research projects and teaching activities that address global health issues across different disciplines. The Center for Global Health therefore connects researchers of different faculties and their research foci.

Your profile

- Currently enrolled in Medicine, Health Sciences or a related field (enrolment to be valid for the duration of the tenure)
- Passion for advancing Global Health
- Proficient in MS-Office suite; reference management software e.g. EndNote; design management software e.g. Canva added bonus
- Strong communication skills
- Native German speaker
- Fluent in written and spoken English (minimum of B2)

Your tasks

- Contribution to various TUM Center for Global Health activities (e.g. workshop, seminar organization)
- Dissemination and communication e.g. developing and managing announcements for various scientific activities
- Support development of presentations and/or lectures on high level scientific topics e.g. women's health, climate resilience and health
- Maintain social media presence with a focus on LinkedIn e.g. draft regular posts and updates, curate feed etc.
- Administrative support to coordinator

We offer

- Ambitious and innovation-oriented team committed to Infection and Immunology research in Global Health
- Opportunity to gain valuable insights into Global Health, learn effective work methodologies, and connect with prominent figures in the field
- A position as a student assistant starting from July 1st 2024 (max. 10 hrs / week)
- The place of employment is presence; occasional remote work possible by prior arrangement
- The remuneration is based on the guidelines of the TdL (*Tarifvertrag der Länder*)

Application

Please apply with a **copy of your updated CV, motivation letter, transcript of records and proof of enrollment (immatrikulation)** by **15th of June 2024**, via email to

Prof. Dr. Clarissa Prazeres da Costa / +49 89 4140 4130 / clarissa.dacosta@tum.de and marrim.habib@tum.de

Visit us at: <http://www.mikrobio.med.tu-muenchen.de/en/home/research/da-costa-group> and <http://www.med.tum.de/devweb.mwn.de/en/center-global-health-0>

TUM seeks to increase the portion of female employees. Qualified females are, therefore, explicitly encouraged to apply. Severely disabled persons with essentially comparable qualifications will be preferentially hired.
